

I object to Sinclair Broadcasting's plan to air an anti-Kerry documentary just before the election as it is a clear partisan attack designed to influence voters.

Sinclair is using public airwaves free of charge for their own political purposes. This is a violation of the letter and spirit of the regulations.

I'm asking you to take action to stop this blatant political partisan attack "documentary" from being shown and to use Sinclair's behavior to deny them license renewal.

Thank you,
Mark Kuipers
